

NEMA TYPE 4X JIC

JN4XHSS Series

Continuous Hinge Clamped Cover Enclosure

Adalet's JN4X series enclosures are available in Type 304 and 316L stainless steel with a brushed finish. The enclosure has continuously welded seams ground to a smooth finish. It also comes complete with four 10-32 weld nuts (for mounting optional panels). Grounding studs are provided on the inside of the box and door. Wall mounting back brackets are welded on the top and bottom outside. The JN4XHSS cover is sealed with a closed-cell, silicone foam in place gasket and is secured to the enclosure with a continuous stainless steel piano hinge on one side and stainless steel door clamping hardware on three sides. There are no knock-outs or holes in the cover or body. A hardware kit is included.

STANDARD FEATURES

- Continuous hinge (removable hinge pin)
- Wall mounting flange / feet
- Closed-cell, silicone foam in place gasket
- Stainless steel clamps and screws
- Four #10-32 weld nuts for optional mounting panel
- Grounding studs on inside of box and cover
