

NEMA TYPE 4X JIC

JN4XSS Series

Lift-Off Clamped Cover Enclosure

Adalet's JN4XSS series wall-mounted JIC enclosures are designed to provide protection, indoors and outdoors, against dust, dirt, oil and water for items such as pneumatic or hydraulic instruments, transformers, and junction wiring. These enclosures are suitable for use in areas such as petrochemical plants, dairies, breweries, food processing areas and similar environments where they are subject to frequent high pressure hosing and generally wet conditions. They are also designed for use in areas where severe corrosion problems exist. Type 316L stainless steel enclosures are also suitable for use in offshore applications.

STANDARD FEATURES

- Wall mounting flange / feet
- Closed-cell, silicone foam in place gasket
- Stainless steel clamps and screws
- Four #10-32 weld nuts for optional mounting panel
- Grounding studs on inside of box and cover
